

HELPING PARENTS FEEL & STAY CONNECTED

Do you ever feel like you're not up-to-date on what is happening at South Davidson or in your student's classes?

Do you want to stay up-to-date with your student's attendance and grade?

Would you like to seamlessly communicate with teachers?

Do you or your student need help with homework?

If you said yes to any of these questions join us on Wednesday, March 6th at 4:00 or 5:00 for our PFE event "Helping Parents Stay Connected". Please register for the event by Monday, March 4, 2024

What to Expect at the Event

Staff members will help parents sign up for all the different online resources. When you leave you will be signed up and ready to use the many online resources immediately.

Please bring your student's email address and email password when you come.

Power School

The best way to stay up to date on your student's grades and attendance is by registering for Power School Parent Portal. You can check grades and attendance online or through the Power School app on your phone.

School Cash Online

Never send cash or a check to school again. Never have to bring money to school for a field trip, fundraiser, or school fees again. School Cash Online is a one stop location where you can pay all school fees.

SchoolCash Online

Remind

Need to get a message to your student's teacher? Want to get updates of what is going on in class or for a club/sport. Remind is an easy way to communicate with teachers, coaches, and the school. You can get messages through email, text, or the app.

Canvas & Google Classroom

Canvas and Google Classroom are two online learning platforms our students and teachers use.

Did you know you could be an observer in any Canvas class, and receive email notification?

You can also receive Google Classroom summaries via email.

Homework Help

We will share many online resources both you and your student can access if they are struggling with homework or content in class.
